Definitions of ESL streams

LINC (Language Instruction for Newcomers to Canada)

A free federally-funded language training program for immigrants and refugees over 17 years of age who are non-Canadian citizens. In order to qualify, students must be assessed at English levels ranging from Pre-LINC to LINC 4. Priority is given to those who have been in Canada less than three years. Students are eligible for 40 weeks or a maximum of 1,250 hours of full-time language training and an unlimited amount of part-time language training hours or until the completion of LINC level 4. This program consists of language training, life skills and orientation to the community and Canadian culture.

* Students are assessed for general and linguistic eligibility and referred to LINC programs by the Language Assessment, Referral and Counselling Centre (LARCC), a service of Catholic Social Services.

Academic Bridging/Upgrading

Programs which assist/bridge ESL students toward post-secondary educational programs. They usually focus on developing specific skills and knowledge in one or more areas such as math, biology, English, literature, etc. Courses may be offered through classroom instruction, self-paced programming and computer assisted learning. The instruction is usually based on a contract between an ESL service provider and the employer .

These programs consist of the above components as well as English training within a particular field.
